Anonymous School District 42	Raise revenues	A reduction in our QBE funds further delays our school system getting back to pre-recession revenue. For the first time since 2009, our local digest generated enough revenue to exceed the 2009 earnings; however, the millage rate in 2009 was 18.21 mills---compared to the 19.788 mills is took to generate our current local funding. We consistently rank below comparable systems when it comes to salary comparisons, and our local digest contribution to our funding, on a per pupil basis, does not keep pace with nearby districts.
