

## Georgians Want Relief Funds to Support Health, Economic Recovery and Education

A recent statewide poll asked Georgians how they want state leaders to spend \$4.9 billion in federal funds

**75.9%**

Support increased funding to assist low-income K-12 students

**71.2%**

Support direct payments to Georgia families

**69.9%**

Support creating a state-level Earned Income Tax Credit

**65.8%**

Support restoring ongoing budget cuts made in FY 2020

A majority of Georgians want our state to build on these priorities and other solutions highlighted in our poll. These investments will help Georgians for years to come.
